Subject: Cancellation of Working Group Meeting

Hi Folks,

I hope everyone is having a healthy and happy summer. Our scheduled Working Group Meeting for Thursday, August 7th has been cancelled. We will reschedule the Working Group Meeting after the Record of Decision (ROD) has been signed.

Update:

- Community Health Program - We know everyone is ready to begin working together on this program, and so are we. However, we just have a few administrative details to work out first, including completing the Record of Decision. Hopefully, we can begin our brainstorming sessions, as we discussed at the last working group meeting, in the next month or so.
- Ground-breaking event to announce the 3.5 million in funding we received to begin soil removals this year will be held on Wed., August 6th, 9:00 a.m. at Shafer Park at 37th and Columbine (just east of 37th and York, behind Harrington Elementary School). Everyone is invited.
- EPA will host an open house for the 141 home owners scheduled to have their properties remediated. Date and place to be announced.
- Construction on the 141 properties to be remediated this year is scheduled to begin in the middle of August. The property owners have been notified. The contractor is meeting with property owners to develop clean up plans for their properties.
